### President's Letter by Brad Colwell

The Harrisburg Area Road Runners Club (HARRC) has signed a contract with dynamic dZine of Manheim PA to develop a completely new website for the club. HARRC wishes to thank Brandon Parks, Owner of US Road Running for developing and hosting the club's website for the past 3 and ½ years. Brandon has decided to take his business in another direction and will no longer be able to support the websites for HARRC, York and Southern York running clubs after the end of 2014.

The total cost of this redesign is \$2,800.00, and the HARRC Board of Directors voted to approve the contract at their last meeting. The Uniform Resource Locator (URL) for the HARRC website will remain [www.harrc.org](http://www.harrc.org). Julie Cleaves, of dynamic dZine, and her team have begun programming, with an expected completion date of December 15, 2014.

The new site will be hosted and managed by Chuck Wells of Applied Race Management Services, and will have a different look and feel. It will have five major tabs across the top, each with a dropdown of several tabs, and some of the old tabs have been eliminated or combined for efficiency.

The new website will not require a logon or a password for access. An automated membership maintenance program will send emails at the beginning of each month to remind those whose membership will expire at the end of the month.

If you have any experience in web content management or development HARRC could really use your assistance in moving files, photos, documents, articles, etc from the old site to the new. Please send an e-mail to me at [bradc262@comcast.net](mailto:bradc262@comcast.net) or to Deb Schneider at [danowalk@gmail.com](mailto:danowalk@gmail.com) to offer your assistance.
