

## **River Front 2 or 5 Miles: May 31, 2015**

A great turnout this morning, 23 total runners and walkers, for a 2 or 5-mile course on a humid morn. To a couple of runners we hadn't seen for awhile, welcome back.

We had an optional course over the Harvey Taylor through a West Shore neighborhood. Six adventurous runners opted for that hillier WS course, indicated below with an asterisk. In spite of an error in the RD's directions, no one surprised homeowners by arriving unexpectedly in their driveway.

Results below. Great job, all.
